Message from the President

By Michael Rapuano

Members:

Thank you all for your support and I look forward to being President of the Club over the next 12 months.

I hope you know that I will listen to all. All opinions are important and will be listened too. I am proud to lead such a diverse group of RC enthusiasts and look forward to recommendations on continuing to make the Eglin Aero Modellers the best club in Northwest Florida.

We are already planning changes to the club rules and working with the Air Force on lifting additional restrictions to allow a wide range of rc activity at our field.

Please help spread the word about what a great field we have and that all forms of rc are accepted!

I also want to thank the board and especially Rob Campbell for his service over the last two years. They have led the club through some tough times and left a stronger club than when they started. Please thank Rob and the board the next time you see them!

Thank you and go fly!
